

The whole story of the End Times is 22 years! They are the final 7, 7, 7, and 1

-The first 7 we refer to as the "Easy Years". Because Jacob said those 7 years felt like, "but a few days" because he was excited to receive his Bride. After which he remained and worked another 13 years. And "after" the 13 years, he made a covenant with his father-in-law. Bringing the total time worked for him to 20 years.

-Abraham also has a similar story of years. He was 86 when Ishmael was born, whose name is "affliction". And when Abraham was 99 and Ishmael was 13, GOD made a covenant with him. And when turned 100 his Promised son was born, Isaac!

-In the same way, the tribulation is 2 sets of 7 or 14 years. With each 7th year having a rest or Shmita according to GOD's law. Making it 6 + 1 years for seals, followed by 6 years trumpets + 1. But the final trumpet, the final Shmita trumpet year. We read in Rev.11:15...the Lord has returned and everything in heaven and earth is now His. Meaning He has returned "feet down" on the Mount of Olives as we were told He would after 2 days/ 2000 years. Which is also "after" 13 years (7 years for seals and 6 years for trumpets), like Jacob and Abraham's time frame when a Covenant will be made!

-Final year, Jubilee, where each Tribe receives their lands.
